THE MAINE MUDDLE.

ELFUSAL OF THE GOVERNOR AND COUNCIL TO ALLOW THE ELECTION RETURNS TO BE EX-AMINED - PROTEST OF THE SENATORS AND REPRESENTATIVES ELECT.

AUGUSTA, Dec. 2, 1879. on as the Governor and Council met this morning the Senators and Representatives from the various counties, accompanied by their attorneys, paired to the State House in full expectation that ey would be allowed to examine the returns in r several cases. One after another, however, failed even to get into the Council Chamber, Finally, bout noon, Messrs. Wing & Savage, attorneys at-law, of Auburn, representing the Androscoggin elegation, were informed that the Governor and ouncil had decided to allow the returns of election of county officers to be examined, but that no one should be permitted to examine the returns for Senstors and Representatives. Subsequently a meeting of Senators and Representatives elect was held and the following protest was drafted and forwarded to the Governor and Council:--

O THE HONGARIE THE GOVERNOR AS COURT. OF THE STATE OF MAINE.—
The undersigned, Senators and Representatives elect, hosen to the Legislature by the election of September 8, 579, her leave to submit to your honorable Board the foliating protest:—During the month of October and rest half of November it was given out that the overnor and Council would meet on the 17th as of the latter month for the purpose of opening the ection returns, and accordingly on the day named the onneil met and there was a considerable assemblage of resons in this city immediately interested in the result, he Council at once passed an order declaring that the renty days within which applications should be filed for rrection of returns should begin to run on and from that the

Conneil met and there was a considerable assemblage of persons in this city iminediately interested in the result. The Council at once passed an order declaring that the twenty days within which applications should be find for correction of roturns should begin to run on and from that date.

The Council interest was that your honorable Board would forthwith permit parties interested to inspect the returns according to the uniform usage of your predecessors. Seven ex-Governors of this State, then in the city—namely, Anson P. Morrill. Hanniah Hamilin, Lot M. Morrill. Israel. Washburn, Jr., Sidney Perham, Nelson Dingley, Jr., and Seldon Connor-testified fully and publicly that in their administrations they had never known a single latance in a distribution of the returns. To these have since been added the concurrent testimony of ex-Governors James H. Williams, Abnor Coburn and Joshua L. Chamberlain, thus giving the unbroken testimony of all the living ex-Governors since 1854. But against this imposing array, precedents against a clearly expressed legal right, against the apparent intendment of your honorable Board fluing the twenty days for applications for correction, every ment.

As a means of securing our rights resort was then had to the Suprome Judicial Court, by petition, on the 19th day of November, to issue a mandamus to compel the Secretary of State to exhibit the returns. In answer to this potition Chief Justice, passed the following order—on Saturday, the 22d, fielr notice had been ordered by the Chief Justice, passed the following order—on Saturday, the 22d, fielr notice had been ordered by the Chief Justice, passed the following order—on Saturday, the 22d, fielr notice had been ordered by the Chief Justice, passed the following order—on Saturday, the 22d, fielr notice had been ordered by the Chief Justice, passed the following order—on Saturday, the 22d, fielr notice had been ordered by the Other Canadiates of Saturday and the service of the petition of the passed the following order—on Saturday, the

o return for Senators and Representatives could be shown only one. Your honorable Board will permit the undersigned to emark that they never grounded their right to inspect he returns on the Act of 1877 alone, for the right they ree demanding is one uniformly onjoyed by their redecessors from the foundation of the government, and ow for the first time denied. The undersigned, therefore, annot see how a right enjoyed in this State under the onstitution, and never thinterto withhold, could be affected by the constitutionality of the statute referred to. They re especially unable to see how the Executive Department of the government can set aside the plain directory anguage of a statute. The law in question says disjunctly and without qualification, in its concluding clause, that its provisions, so far as they elate to the corrections of returns, shall be applied in determining the elsection of Senators and expresentatives to the State Legislature. Your honorable lower how we cleare that this law is a necessitutional. relate to the corrections of returns, shall be applied in determining the election of Sonators and Representatives to the State Legislature. Your honorable Board now declare that this law is unconstitutional, a conclusion which you certainly had not reached when ou November 17, you issued the notice under the twenty day provision for corrections contained in the same section from which the above quotation is made. Your honorable body will permit the undersigned to remark that you enjoy the distinction of being the first governor and council who have directly assumed the duty of the judicial department of our government. It has been the practice of wise and prodent cascutives to invoke the judgment of the Supreme Court on all important questions of law and upon solemn occasions, as provided in the constitution, when doubts respecting a statute might arise, but your honrable Board, without that reference to the supreme judicial court which the constitution of Maine especially provides for, assume to set aside the plain, provisions of a law now on the statute book. If your honorable Board and othis in one case you can readily do it in another, and the execution of our ontro body of laws is thus made to depend upon the opinion which your honorable Board may have as to the constitutionality of the several parts with the reserved right which you have exercised in this case of changing your roonelasion in the space of fourteen days. If this be like definite basis on which your honorable Board with a sinding and which I have your change of construction beyond the period of fourteen days. If this be like definite basis on which your honorable Board with a sinding and which I have your change of construction beyond the period of fourteen days. If this be like definite basis on which your honorable Board are binding until repealed or set aside by a judicial decision, and your Honorable Hoard is guilty, you will permit us to say, of a glaring usurpation of power whenever you decide to disobey or annul or refuse the execute

The "ring" ticket in this parish was generally elected, Special despatches to the New Orleans Democrat from all telegraph stations in the State show heavy democratic gains. These reports, giving estimated majorities in cleven country parishes, claim almocratic gains of 12,100 compared with the democratic count of 1876. The same parishes gave Hayes 1,000 majority. All despatches say that the elections passed off quietly, and most of them report the negroes voting the democratic ticket and for the constitution. vote. The "ring" ticket in this parish was gen-

GENERAL GRANT.

CINCINNATI, Ohio, Dec. 2, 1879. Preparations for General Grant's visit are being pushed rapidly. He will arrive here on December 11, about noon, in a special car tendered for his use by the Louisville and Cincinnati Short Line road. The train will run into the city to the public landing at Broadway, where an informal reception will take place. A triumphal arch will be erected at this ing at Broadway, where an informal reception will take place. A triumphal-arch will be crected at this point, from which a procession will start to escort the General to Music Hall, where a grand reception will be held in the afternoon. Theodore Thomas' orchestra has been engaged to furnish music at the reception. Music Hall will be elaborately decorated. In the evening a banquet will be given at the Grand Hotel, for which 250 invitations will be issued, the tickets being placed at \$8 each. Judge Taft is Chairman of the Committee on Invitations and every means are being taken to make the banquet a brilliant success. At the instant of General Grant's arrival combined salutes will be fired at the landings in Covington and Newport, and the fire bells rung. The steamers at the landings have been requested to blow their whisties, and as they are now lying there so thick that the Ohio River has hardly room to run between them, the din threatens to be deafening. A committee of the City Council has instructed the Mayor to issue a proclamation calling upon business men to close their places of business and join in the reception, and all residents along the line of march are asked to join. The School Board last night ordered that the schools be dismissed when General Grant arrives, and the cuildren of the high schools will sing a song of welcome at Music Hall. More than fifteen civil and military organizations will join in the procession, of which Lioutenant Governor General A. Hickenlooper will be grand marshal. All the railroads leading into the city have agreed to run excursion trains, and at remendous rush is expected.

Chicago, Ill., Dec. 2, 1879.

The Tribene's Galena special despatch says that General and Mrs. Grant will leave there for Chicago to-morrow at half-past one, and will remain several days. General Grant will fulfil engagements here and in the Eastern cities and sail for Havana the latter part of the winter, thence to Mexico; and after visiting the principal cities of that country will return via Galveston, in April, going direct to Denver, and from there visit the mining districts, including Leadville. This is his latest programme.

In a talk with a leading poli-tician he said that "Grant was preferable to Tilden or Blaine, and that when the greenback men meet in their National Convention March 4, at St. Louis, the country will be surprised." It is generally consid-ered here that Pomeroy and other greenback men will control the Convention at St. Louis to nominate Grant for President and Jones, of Texas, for Vice President as a strategic movement.

last year..... 51% EMPIRE CITY ATHLETIC CLUB,

The first annual winter games of the Empire City Athletic Club at Madison Square Garden last evening were attended by an unusually large audience. The programme was long but varied. There were thirteen events in all one, two and five mile walks, hurdle race, 75 yard and 450 yard runs and five different "tugs of war." In the latter contest the audience seemed to take the most interest. In the individual tug of war, in which there were five contestants, A. L. Thompson, of the Scottish-American Club, A. I. Thompson, of the Scottish-American Club, carried off the prize. The tug between the three teams of six men each of the Entre Nous, Scottish-American and Empire City clubs was well contested. After two severe struggles the team of the Entre Nous Club were declared the winners of the medal. The last event of the evening was the tug of war between ten men each, of the Scottish-American and Empire City clubs. This was a struggle in earnest. Nearly every man in both teams was a tried and proved athlete. The struggle lasted just 9 minutes and 51 seconds, when the Scottish-American Club were declared winners by fully twelve feet. Then a cheer went up that resounded through the whole building, and the champions carried off the prize banner in triumph.

FUNERAL OF REV. DR. BUDINGTON.

The funeral services over the remains of the late Dr. William Ives Budington yesterday at Clinton Avenue Congregational Church, Brooklyn, where he was paster for more than a quarter of a century, was postor for more than a quarter of a century, were of the most impressive character. The church was crowded to itspitimost capacity, and a number of distinguished clergymen were present. Among the organizations represented were the Home Missions, American Tract Society, Long Island Historical Society, Manhattan Clergymen's Association, Adeiphi Academy, Congregational Union, American Missionary Association, Board of Foreign Missions, Yale College and Andover Seminary. The leading clergymen were flev. Dr. A. S. Hunt, Rev. Dr. J. Clement French, Rev. W. M. Taylor, Rev. Dr. Theodore C. Cuyler and Rev. Dr. Storrs. All of these gentlemen delivered eloquent eulogies on the deceased and testified to his worth and usefulness during a long and popular career. The pallocarers were Messrs. James W. Etiwell, W. H. Harris, A. S. Barnes, R. S. Roberts, Henry Treadwell, George P. Sheldon, S. W. Johnson, Henry Elliot, C. P. Dixon, J. C. Hutchinson, William C. Dunton, H. H. Van Dyke, C. C. Wood, S. E. Warner, H. B. Spelman, C. C. Woolworth, T. S. Thorpe, George S. Carson, Henry Tanez and Julius Davenport. The musical part of the services was very impressive, there being a large choir present under the direction of Mr. W. S. Baird. The beautiful ritual of the Church designed for the last tribute to a member was commenced by Dr. Hunt, the officiating clergyman. Thore were few dry eyes among the congregation when each of the panegyrists spoke of the many noble qualities of the dead pastor. After the services the remains were conveyed to Greenwood Cemetery, followed by over one hundred carriages and the sincere regrets of thousands of people in the City of Churches. were of the most impressive character. AN OVERDUE STEAMSHIP.

The steamship Scythia, which arrived at this port on the 26th ult., reported in her log that two days previously, when about six hundred miles from Sandy Hook, she had passed the steamship California, of the Anchor line, bound from London to New York, in a disabled condition. The California was proceeding slowly, and declined any assistance from the Scythia. Up to midnight last night the disabled steamer had not been signalled off Sandy Hook. The nature of the accident which had befallen the California was not set forth in the report of the Scythia, but even if she were compelled to make the remainder of the voyage without steam she ought apparently to have been able to accomplish it with sails in the interval since the 24th of November. For this reason some apprehension has been excited as to her fate. She had a small passenger list, the London branch of the Anchor line being largely in the merchandise traffic.

DIRECT LINE TO NEW ORLEANS.
